2. [REDACTED] stated that he can practically guarantee shipment of the #3 instrument to [REDACTED] provided that the following questions are properly answered. He should be given a copy of these answers in writing, though he has been told what they are by telephone.

STATINTL

STATINTL

a. QUESTION: Can the #3 instrument be inspected and accepted at [REDACTED] This will permit [REDACTED] to package the instrument only once.

STATINTL

ANSWER: Yes. [REDACTED] for this purpose as soon as they are notified that the instrument is ready.

b. QUESTION: How is the instrument to be shipped?

STATINTL

ANSWER: It is to be shipped by sea, preferably in the ship's hold rather than on the deck and should be packed accordingly. If there is an extra charge for packing [REDACTED] will notify us of the amount.

c. QUESTION: Will the instrument have to be shipped to the shipping point via Washington?

ANSWER: No. Arrangements will be made for it to be received by the Agency shipping point closest to the New York City area. Such information will be provided [REDACTED] in adequate time.

STATINTL

d. QUESTION: Who will install the equipment?

ANSWER: [REDACTED] representatives will not be necessary for this instrument.

STATINTL

e. QUESTION: Will [REDACTED] need to provide the necessary equipment for assembling the instrument?

STATINTL

ANSWER: No. This will be improvised at the installation site.

STATINTL

3. This information is needed by [REDACTED] shortly since the instrument is expected to be ready at about the end of July 1962.
